

The King

Set It Off

It's in my veins, it's in my blood
Guess I'm just bad luck, bad luck
Gimme that crown, gimme that cup
Cause I'm the king of fucking up

I'm the black cat in front of you, I'm the ladder that's over you
I'm the mirror, he shattered into pieces that can't be replaced
Shrug it off but, it's back again
What a psycho, I'm living in
I should just stay, inside my bed so I can't let anyone down

All hail the throne, I sit alone, I don't need anyone

It's in my veins, it's in my blood
Guess I'm just bad luck, bad luck
Gimme that crown, gimme that cup
Cause I'm the king of fucking up
It's in my veins, it's in my blood
Guess I'm just bad luck, bad luck
Gimme that crown, gimme that cup
Cause I'm the king of fucking up

What goes up must, come down again
Was riding too high, so here I am
In the gutter, I'm swimming in all of the stress that I hide

All hail the throne, I sit alone, I don't need anyone, or anything

It's in my veins, it's in my blood
Guess I'm just bad luck, bad luck
Gimme that crown, gimme that cup
Cause I'm the king of fucking up
It's in my veins, it's in my blood
Guess I'm just bad luck, bad luck
Gimme that crown, gimme that cup
Cause I'm the king of fucking up

All hail the throne, I sit alone, I don't need anyone
Or anything

It's in my veins, it's in my blood
Guess I'm just bad luck, bad luck
Gimme that crown, gimme that cup
Cause I'm the king of fucking up
It's in my veins, it's in my blood
Guess I'm just bad luck, bad luck
Gimme that crown, gimme that cup
Cause I'm the king of fucking up

Bad luck, bad luck
Gimme that crown, gimme that cup
Cause I'm the king of fucking up
