

Upside Down

Set It Off

Car's dyin'
Not a lot of money
Scared to check my checking account
I guess I'm walking for now
But at least I'm finally getting exercise

Bus ridin'
Some dudes were mean mugging
Got a blackened eye and a cameo appearance on cops
But at least I'm finally getting televised

Well I could focus on the hate
Relive yesterday, and block out all the sunshine
Or I could
Focus on my lane
Just live for today
Sunset on the bright side

Hey! I'm gonna make a smile light up that frown
And we can turn it upside down
We can turn it upside down
So sing it now

Oh! Until they bring me six feet underground
We can turn it upside down
We can turn it upside down
We could now!

Bicycle
Running late and rushing
Looked up for a second and slammed into a car in the lot
But at least I'm getting out of work tonight

Hospital
Got my third concussion
Calling up my boss to explain, he said I'm losin' my job
But at least I got more time to ride my bike!

Well I could
Focus on the pain
Relive yesterday
And block out all the sunshine
Or I could
Focus on my lane
Just live for today
Sunset on the bright side

Hey! I'm gonna make a smile light up that frown
And we can turn it upside down
We can turn it upside down
So sing it now

Oh! Until they bring me six feet underground
We can turn it upside down
We can turn it upside down
We could now!

Da da da, turn it upside down
Da da da, turn it upside down
You know that we'll be turnin' it upside down!

One more time!

Da da da, turn it upside down
Da da da, turn it upside down
You know that we'll be turnin' it upside down!

Sing it now!

Upside down, (Alright, let's get it)
Upside down, (How we turnin' it?)
Upside down, (Let me hear you!)
Upside down

Yeah!

Upside down
Sing it now

Hey! I'm gonna make a smile light up that frown
And we can turn it upside down
We can turn it upside down
So sing it now

Oh! Until they bring me six feet underground
We can turn it upside down
We can turn it upside down
We could now!

Da da da, turn it upside down
Da da da, turn it upside down
You know that we'll be turnin' it upside down!
Sing it now!
Da da da, turn it upside down
Da da da, turn it upside down
You know that we'll be turnin' it upside down!
