

# Doomsday

Set to Stun

Oh yeah!

Can you feel it racing in your heartbeat?  
And if you're with me can you say "Hell Yeah"?  
Hell yeah!

Tell me who he was! Tell me did he love me?  
Was he a patriot a soldier for his country?  
Did he battle giants? Or did he sail the raging sea?  
Was he a fighter like The Boxer in the stories that you read?  
Tell me was my father strong?  
In the battle between right and wrong tell me where do I belong  
Am I a killer like my brother? Am I sick just like my sister?  
Do I scare you like the demons haunting every step I take?  
If I've got nothing to live for than I've got nothing to die for  
And if I've got nothing to fight for tell me why would I even try?

I won't be taken out alive!  
I'd like to see you motherfuckers try!

And though I'm walking through the valley of the shadow of death I shall fear no evil  
The only thing to fear is fear itself  
Neither heaven-  
sent nor straight from hell I share no equal among these people

Break!

I am a beast among machines  
I can't help but to laugh when they're calling me out!

You scream 'cause it's a fucking fashion trend!  
I scream 'cause I'd die if I tried to keep all this bullshit in!  
No you don't know me boy, so don't pretend you did!  
When I catch you face to face and tear off your fucking head!

I am the man who wears the number of the beast!  
Sado-misogynistic masochist to say the least!  
Pretenders to the throne  
I am the Prince Of Thieves and oh I just can't wait to be King

On my dying breath, I curse the ground that you walk on girl  
Now that I am become death, the destroyer of worlds  
I'd like to welcome you all to the end of the earth!

Now gather round gather round, men and women across the town!  
Step right up step right up... ok ok step back down.  
"Come pay homage to the beast"  
Don't be scared miss, he didn't always used to be like this  
He used to have a home, a family, a wife he could kiss  
He seemed to piss it all away  
"Or at least that's what they say"  
But hey I'm just an average man living day to day  
Trying to make it through...  
So without further ado, I give to you...

The alligator man! and his seven deadly sins! That follow him, wherever he goes

One of these days!  
They'll let me out of this cage!  
And when they do, I'm coming after you all!  
You're dead!

Never surrender  
Never give up and never give in  
There's ten of you there's one of me  
That's how it's going to fucking be?  
I'm ready to rumble until my legs give in!  
Go

Don't give up. Don't give in.  
I know it's hurting you but it's killing me with the pain you're in  
I bite my lip and stomach it because I know that this time you're on your own

And if you feel the way that I do  
Like we were destined for so much more  
I've worn this facade for so goddamn long that I'd forgotten what I was fighting for!

But I'll never lose my way again  
So when you look me in the eye, make no mistake  
Anne-Marie you were my saving grace tonight
