

## Cash & Coe

Seth Anthony

The world's changing, but it can't change me  
Two dollar beers to drink and cheap whiskey  
No matter what I do, the girls still gonna hate me  
Headed to the liquor store to get wasted  
I'd rather be broke soul than a fake man  
I came from the dirt, blue collar, calloused hand  
Try to live right but I'm always wrong  
So I jump in the truck and play them outlaw songs

I shot a man in Reno just to watch him die  
And my soul it burns, it burns like the ring of fire  
I seen the Grand Ole Opry and I met Johnny Cash  
If that ain't country, brother, I'll kiss your ass  
It's that Cash & Coe  
There's outlaw in my soul, it's that Cash & Coe  
Bubba, I love Rock and Roll, that's that Cash & Coe  
Black sheep with a heart of gold, it's that Cash & Coe  
I'm bumping that Cash & Coe

I never wanted fame I just sing from the heart  
So I stay out late in them hole in the wall bars  
Anxiety is rising like the liquor in my liver  
She never understood me so she labeled me a sinner  
Rebel blood inside my veins, I'm tired, I ain't slept in days  
I drink to try to kill the pain, I wake up but I feel the same  
I try to live right but I'm always wrong  
So I grabbed the guitar and sing them outlaw songs

I shot a man in Reno just to watch him die  
And my soul it burns, it burns like the ring of fire  
I seen the Grand Ole Opry, and I met Johnny Cash  
If that ain't country, brother, I'll kiss your ass  
It's that Cash & Coe  
There's outlaw in my soul it's that Cash & Coe  
Bubba, I love Rock and Roll, that's that Cash & Coe  
Black sheep with a heart of gold, it's that Cash & Coe  
I'm bumping that Cash & Coe, yeah
