

Losing Hand

Seth Anthony

Things are hard man things are tough
Sister died she overdosed on drugs
Another whiskey night with cocaine
I said I'm done but shits the same
I lost it all but I play the game
Ol Lady says I'm different when I drink

I roll those dice
My lucky numbers never seem to hit that's life
They say to fold, well I've tried
I'm in love with everything that makes me die

Ohhhhhh you know the devils in the dice though
I'm betting on a losing hand
I'm going I'm going for broke
I'm a lose it all the best that I can
I'm a double down now order one more round
Cuz Ima, Ima desperate man

Ohhhh you know the house is always gon win
I'm betting on a losing hand
Ya the house is always gon win
I'm betting on a losing hand

Put the cash on the table lets go I'm already dead let's roll
Trying to find my heart that's ghost
Waiting on a river and I'm looking for a boat
Looking for the woe just to fill my nose
Oh no no no
Ooh that's cold it ain't my night but I ain't goin home
Say she wanna leave good then go
House wins every time bitch get gone

Have you ever been broke so down on your low
You risk your life for pocket change
Well I tried to change that perfect life
Man it don't exist or I ain't do it right
Maybe this is it, I'm done
Man the hell with this I'm walking away with my chips

Ohhhhhh know the devils in the dice though
I'm betting on a losing hand
I'm going I'm going for broke I'm a lose it all the best that I can
I'm a double down now order one more round
Cuz Ima, Ima desperate man
Ohhhh you know the house is always gon win
I'm betting on a losing hand
Ohhhh you know the house is always gon win
I'm betting on a losing hand

Have you ever been broke so down on your low
You risk your life for pocket change
Well I tried to change that perfect life
Man it don't exist or I ain't do it right
Maybe this is it, I'm done
Man the hell with this I'm walking away with my chips
