Seth Sentry

That's me!

This is a Down Bad Challenge

Uh, ayy

I hope you're good, sorry, man, I have been meaning to call
Thanks for the tag, Solo, but I did not see it at all
I feel like, hmm, I feel like I have been deep in a hole
I don't mean sad, I just mean under the ground, 200 feet in a v
ault

Hold up a minute, just wait a sec, all of this business is dang
erous

I hope you're safe from the craziness, don't give me your hand,
I ain't shakin' it

I'm outta here, catch you later kids, I'm underground like it's
'86

I got a bunker with steel doors, I got some turrets and lasergr
ids

You cannot touch me, I'm sealed off, all of you people, you mak
e me sick

Why would I need a relationship? I got a plate full of famous p
otato chips

Look over here, I got Taylor Swift, this one is kind of like Ja
den Smith

Ah, but my favourite is Jadakiss, look at this bracelet I made
for myself out of paperclips

Yeah, I'm not bored, nah, fuck you buddy

All I ever wanted was fuck you money

No fucks to give, bro, try and get a fuck you from me

I do wish I could go outside though

But I got a lot of hand sanitiser, bitch, I could fill up a swi
mming pool

While every wack rapper goes viral I'll be inside playing mini
golf

So pull your bandanna tighter, I am so lyrically lyrical
I don't wanna antagonise ya, but um, I got the paper to shit on
you

Smoke weed, wash hands, take nap, late noon

Wake up, jerk off, feed cat, play DOOM

Yeah, I mean the world is a war zone

All of my cafés are all closed, somebody hand me the launch cod
es

I got some clean clean bars, wonder if I should have bought soa
p

Wonder if I've got a warm coat, I should go look in the wardrob
e

2019 was so awful, oh, 2020 is more so?

Feel like I'm caught in a force choke, pretty sure I got a sore

throat

All your fake BS makes me as
Angry Nate Diaz, so paint me a eight-
metre radius, okay, see yas
Okay, let's cut to the facts, dude

There is a flu tryna catch you, imagine if there was no Gal Gad
ot

Every achoo coming at you, that's why I'm stuck in this vacuum
I made my cat a hazmat suit, it's got a cute little helmet so
The front is all covered in cat food, I should have made it mor
e scratch proof

He's like a '96 rap group, I got a bowl full of bat soup
