

# Float Away

Seth Sentry

I'm pretty sure she said somethin' like "Seth you don't listen enough"  
I said "yeah, maybe you're right  
I can't help it, my mind drifts off  
And I'm not really here anymore but I'll try"  
She said "while we're here on the subject  
I wanna know why you haven't grown up yet"  
I said "don't be upset  
But I really didn't hear a fuckin' word that you just said"

They say I'm disconnected  
That's cool, my friends are too though  
Can't hear a word you're sayin'  
We watch it all just float away  
I see 'em all comin' my way  
And now they wanna take my time  
I could tell 'em what's on my mind  
Or I could just float away

I am the boy in the bubble  
I am a boat in a bottle  
I would love to be here right now but I'm not  
I am anywhere else, I am gone  
They live life like there ain't no tomorrow  
I live life like there ain't no today  
All around me they beg, steal, borrow  
As they quarrel, I just float away, I am gone  
Ground control to Major Tom  
You can't keep being weird pal, I'm a grown up  
I got a beard now, I got a job now  
I got a roster, gots to make the boss proud  
He said "when you're done cleaning glasses  
Make sure that you mop and the bar's swept"  
I said "don't be upset  
But I really didn't hear a fuckin' word that you just said"

They say I'm disconnected  
That's cool, my friends are too though  
Can't hear a word you're sayin'  
We watch it all just float away  
I see 'em all comin' my way  
And now they wanna take my time  
I could tell 'em what's on my mind  
Or I could just float away

Hey yo I never really felt like I know much  
About being grown up, I am hopeless  
High school, I would hang with the stoners  
Yeah, I guess it probably takes one to know one  
I still spend a lot of time on my lonesome  
And money's still tight, can you loan some?  
They said I'm disconnected, yeah I just might be  
But all my friends are just like me  
I told a girl I wanted to be rapper  
Made her laugh, she told me I was a crack up  
We were sittin' on the grass in the backyard  
Next day faded, drinkin' wine from a jam jar  
I said "I don't have the keys to a car yet"

But I got a bag of weed and a sunset"  
She said "don't be upset  
But I really didn't hear a fuckin' word that you just said"

They say I'm disconnected  
That's cool, my friends are too though  
Can't hear a word you're sayin'  
We watch it all just float away  
I see 'em all comin' my way  
And now they wanna take my time  
I could tell 'em what's on my mind  
Or I could just float away  
They say I'm disconnected  
That's cool, my friends are too though  
Can't hear a word you're sayin'  
We watch it all just float away  
I see 'em all comin' my way  
And now they wanna take my time  
I could tell 'em what's on my mind  
Or I could just float away
