

## Mi Goreng Seasoning

Seth Sentry

I never felt so defeated in my whole life  
Smoking weed again, every evening yo  
Sleeping in till three PM  
I will call you back at my convenience  
I'm wondering if anyone has ever died from tedium  
Or overdosed on mi goreng seasoning  
I'm sure I'll be the first to find out  
I feel like leaving in the morning I am done with this  
I'm under stress & I just feel like I've got nothing left  
A drunken mess trying to stumble up a bunch of steps  
With a busted leg & a cask of red  
With more drugs in me than Hunter S  
You know you've done your best when everyone's depressed  
And your mum's upset you did a song with uncle six about your death  
Nah, I ain't suicidal, nah I like living  
I just think that I could maybe try it different  
Yeah with a cool million I'd be better off  
Cause Jacks in my bank account & Williams in my letterbox  
These days I'm scared to check the mail even  
Barely have a chance to read the Leader before the snails eat it  
Either I am insanely poor or I'm crazy broke  
Maybe both rocking hand me ups from my baby bro  
I felt some negative since I was off the radio  
Least I gotta positive KD though & an underrated flow  
That's an understatement feel it's undebatable  
But still cop a flaming from them hater folk  
I shouldn't let it phase me yo but fuck that  
I wanna bottle up the water from the ducks back  
And save the shit for later, spray it in their faces in the future  
I rap rings around em' like a jeweller  
I'm freestyling smoking weed while I'm  
Wearing on of those antique iron helmets people deep sea dive in  
Just trying to save the high  
It's almost light outside so maybe I should say goodnight  
Goodnight
