

## Seth Sentry Rapper Tag #38

Seth Sentry

Yo  
So cheers to Solo for the tag  
I know it's been a minute since you saw me spit a rap  
I'm tryna write this album with a boulder on my back  
Yeah, I'm sure I'll have it done before the zombies all attack, brains  
You know if only you were as dope as what you act  
I'd probably take you out the fucking trash folder on the Mac  
A lot of rappers spittin' solely for the cash  
My man, Admiral Ackbar, told me it's a trap, look  
It's quite obvious that my confidence  
Has skyrocketed since my Twitter got to five followers  
Honestly, two pockets of lint and a giant shoppin' list  
This is the excitement and drama my life often is  
You're on your hustle and your grind  
While you were making coin, I was puffing on a dime  
The album's coming, though, I told you all to wait a minute  
Rapper's that are whack stay silent like the "H" in it  
I'm made for this; I grew up in a glass tube  
That's why I'm really no good at doing dance moves  
My diet's full of cigarettes and fast food  
I wear the same clothes every day like a cartoon  
Some people say I rhyme kind of sick  
But Jordan Paris writes all my shit, despite what you think  
I'm not an MC, nah, you got it backwards  
I am just a lazy motherfucker that can rap good  
I'm ether, yeah, either  
My image is all a gimmick or simply follow the leader  
I'm neither, this shit is more of a hobby  
So quit calling me poppy as though it means something  
I drunk Baileys from a shoe  
Tried to spank the monkey got kicked out the zoo  
Play on words there, yeah, a little nuance  
Christ died for my sins, I'll have to do some new ones  
Rapper Tag's back, thatta boy '60  
Cheers to all my real fans that have bought frisbees  
Tryna download an album's more risky  
Went to Pirate Bay and had a cannonball hit me  
I need a Panadol quickly  
Cheers to all my real friends that haven't all ditched me  
Wish I could teleport so I could travel more swiftly  
'Cause I don't wanna die alone like Eleanor Rigby  
I swear on Lance Cranbourne's battle board win streak  
That this whole planet is against me  
So I'ma lead the way, you can follow in my slipstream  
Cheers for your time signing off, Seth Sentry  
One last thing before I go, though  
Have to tag a rapper and I have to make it dope, so  
I'ma tag someone who can kill it with a freestyle  
I'm tagging in old mate, Mantra, peace out

Thanks for having me  
Ah, album coming two-thousand-and...  
Take care
