

Keep It Quiet

Sett

(Red, that ho so fuckin' bumpin', bruh)

You niggas babies to me
Ain't no comparin' a G
You niggas talk too sweet
Puttin' them under, beneath
Blood drippin' from my feet
This shit cost for my beef
Don't plan to me
They ain't linkin' or rockin' with niggas, I ain't puttin' ATF in the busine
ss
I'm keepin' it sticky, keepin' this shit a lil' swifty
I'ma rap, I know they listenin' (Shh)
Fuck, keep it quiet, we ain't mention it
The city know who doin' the drillin'
1523, this shit the biggest
His big homie do the bitchin'
Coppin' them deuces, we ain't 'greeing with it
I still be movin' like I'm independent
Block burner, boy, I'm movin' with stealers

Killers, robbers, rappers, drug dealers
And baby getters since they dissin' my nigga
With some crankers, bop everything in the city
Big Crook don't stop 'cause I'm still out here breathin'
Nigga, I pull moves on whoever I pull 'em on
Do top three, we don't do top five
Nigga big 4K, them niggas, they be hidin'
They hushin', them niggas ain't doin' no slidin'
I'm controllin' the zone, nigga, this my shit
I'm the only nigga puttin' on for the South
Niggas ain't gettin' on the map (Map)
Them niggas be chasin' that clout (Clout)
Nigga be chasin' that pussy
He think with his dick 'til we hop out the bushes
That fire had caught 'em, we caught 'em, no lookin'
Ain't no sympathy for you pussies
Spank 'em, spank 'em, spank 'em
He gettin' small like plankton
We anxious
We'll down a nigga, we don't do uppers
He meet up with us, then we buck him
Got this shit out in public, we don't tuck it
Plug be Russian, my fingers be throbbin'
My feet be tappin' your mama, fucked out, I blame poppa

You niggas babies to me
Ain't no comparin' a G
You niggas talk too sweet
Puttin' them under, beneath
Blood drippin' from my feet
This shit cost for my beef
Don't plan to me
