Cause I

Monday on the first day

I was doubting

That I'm able to see you
On a beautiful day like this
Tuesday I could tell with one look
You had similar eyes to mines and
Had the same heart

That you're my girl, my heart is telling you
That it's thankful for appearing before me
Cause I

I know when I see you
I can feel the shock
Throughout my body
I know when we're together
We shine brighter than
Anything else in the world
Cause I

Someday someone came up to me
With a clumsy tone
They started a conversation
What is it that it's so cool?
Your nose and lips are similar to mine
You're my man

My heart tells me to tell you
If it's you I'll be with you no matter where
Cause I

I know when I see you
I can feel the shock
Throughout my body
I know when we're together
We shine brighter than
Anything else in the world
Cause I

You're existence is as important to me as water
I'm happy because it's you

I can be sure you're my partner
Now I want to open my with you everyday, Ye Oh

I know when I miss you
My eyes will be wet as tears
Fall from my eyes baby
I know when we're together
I'm not afraid
Of anything
Cause I

Oh Oh Oh Oh Oh
I can feel the shock throughout my body
Oh Oh Oh Oh Oh
We shine brighter than anything else in the world
Cause I
