

Clear Air

Sevdaliza

From time to time
Building empires
Please don't trust in mankind
You took what's mine
The sweetest pair
For some clear air

Pollution is all around me
All around me
Our solution
Lies there in clear air
Lies there in clear air
Lies there in clear air

These eyes of mine
They sheathe the truth
So used to lies
I believed in you
And there's the key
Of me to you
Now oh oh oh oh let's let this

Pollution is all around me
All around me
Our solution
Lies there in clear air
Lies there in clear air
Lies there in clear air

Poison
Yellow is
Yellow is
Poison
Yellow is
Yellow is
Poison
Yellow is
Yellow is
Poison
Yellow is

Pollution is all around me
All around me
Our solution
Lies there in clear air
Pollution is all around me
All around me
Our solution
Lies there in clear air
Lies there in clear air
Lies there in clear air
