

# High Alone

Sevdaliza

Whisper soft, porcelain  
Handle careful and restrain  
To seek is to find me  
We would die if we'd walk the same

Oh-oh I wanna go alone with you  
Even though I know I'm high alone  
Oh-oh I wanna go alone with you  
Even though I'll die alone

What's the use of hatred?  
You're smart and know what's in your head  
The process of dying is painful  
I don't wanna believe the comfort is in your head  
Your head

I wanna go alone with you  
Even though I know I'm high alone  
Oh-oh I wanna go alone with you  
Even though I'll die alone

(If I were smiling  
And running into your arms  
Would you see then?  
Would I see you?)

Yeah, oh, I wanna go alone with you  
Even though I know I'm high alone  
Oh-oh, I wanna go alone with you  
Even though I'll die alone
