I'm done, it's gone  
You're dead to me, we're done  
And I'm too sensitive to be your pedestal  
And I'm too sensitive to be your pedestal

I'll always remember the pearls in your eyes  
I'll always remember you made me feel alive  
I'll always remember the pearls in your eyes  
I'll always remember you made me feel alive

I'm done, it's gone  
You're dead to me, we're done  
And I'm too sensitive to be your pedestal  
And I'm too sensitive to be your pedestal

I'll always remember the pearls in your eyes  
I'll always remember you made me feel alive  
I'll always remember the pearls in your eyes  
I'll always remember you made me feel alive

I'm done, it's gone  
You're dead to me, we're done
