

## Time

Sevdaliza

My fellow, my fuel  
We broke our breath with wine  
In darkness we light  
Cause I can not be what you want me to be  
But I'll try  
The hours turn seconds  
We dove our heads in time  
Neither frames can hold on now  
I can not be what you want me to be  
In time

Time  
None of us got the time  
Does anyone have the time  
Cause I can not be what you want me to be  
But I'll try  
All of us got to try  
Does anyone ever try  
Cause I can not be what you want me to be  
I can not be what you want me to be  
All of us  
All of us
