

Abandon

Seven Hours After Violet

Bury your name in my skin before I speak out loud
Bury, and choke it down before the end tries to get out
Abandon, there's no way out, there's no way to
Abandon, abandon and bury me

The tables are turning, the tables are turning
I'm watching the world and it's meant to be burning
A manic suppression, a manic depression
And I can't make it out

Your words burned into my skin
I'm trapped here like a prison
And I can't help to feel so sick
We're fueled by our division

Bury your name in my skin before I speak out loud
Bury, and choke it down before the end tries to get out
Abandon, there's no way out, there's no way to
Abandon, abandon and bury me

Bury and abandon

Bury your name in my skin before I speak out loud
Bury, and choke it down before the end tries to get out
Abandon
Abandon, abandon and bury me

Bury your name in my skin
Before I speak out loud
