

Alive

Seven Hours After Violet

Writing their prescriptions
Psychopathic let him go
She never looked inside
Desperate descriptions
Psychopathic let him go
Can't even look you in the eye

Writing their descriptions
Telepathic let him go
Can't even look them in the eye

You are piercing me (You're piercing me)
It's alright (It's alright)
As my blood spills I feel alive
Possessing me (Possessing me)
It's a sign (It's a sign)
Attached to you forever

Hey, why are you ripping my life from me?
Hey, sedated ecstasy
Hey, addicted twisted fantasy
My whole life has run out of light

Writing their descriptions
Telepathic let him go
Can't even look them in the eye

You are piercing me (You're piercing me)
It's alright (It's alright)
As my blood spills I feel alive
Possessing me (Possessing me)
It's a sign (It's a sign)
Attached to you forever

Forever
I'll never make it out
Now lose your fucking mind!

Hallucinating
So just sedate me

You are piercing me (You're piercing me)
It's alright (It's alright)
As my blood spills I feel alive
Possessing me (Possessing me)
It's a sign (It's a sign)
Attached to you forever
