

## Love Dagger

### Seven Kingdoms

No past no future  
Right now in the dark  
If you were everything I had  
Would it be enough?

Baby, don't be afraid  
It's terrifying, there you are!  
At least for the night  
Come with me, alright!

Like a blossom in the heat  
Wilting together  
Cut by a Love Dagger

Pulse pounds, hearts racing  
How did we get here?  
If this is wrong, it feels so right  
Can't this last forever?

In your eyes I can see  
Everything you mean to me  
Alone in the dark  
I must go! you will know!

Like a blossom in the heat  
Wilting together  
Cut by a Love Dagger, Oh Yeah!  
I have fallen in defeat  
Losing all my power  
Cut by a Love Dagger

Like a blossom in the heat  
Wilting together  
Cut by a Love Dagger, Oh Yeah!  
I have fallen in defeat  
Losing all my power  
Cut by a Love Dagger
