

Universal Terrestrial

Seven Kingdoms

Am I completely insane?!
Crazy is pulsing through my veins!

Trying to sleep but these visions grow wilder
No escape, my mind's a disaster!

Moments in time, shards of glass
Will any of these fit at last

Somehow I've seen this all before
Unafraid, come what may!
Our paths are intertwined,
They're interwoven
It is time!

Zenith mind
Lights up the skys above
Letting me know where you are
You're on my mind
Just know that I will be
Your Universal Terrestrial

Taken
Awakened

Zenith mind
Lights up the skys above
Letting me know where you are
You're on my mind
Just know that I will be
Your Universal Terrestrial

Zenith mind
Lights up the skys above
Letting me know where you are
You're on my mind
Just know that I will be
Your Universal Terrestrial
