

Before You

Seven Lions

If I die before you
Promise that you'll keep me
Safe inside your memory
Never let it fade
If I die before you
It won't be a goodbye
Wait until the next time
That I see your face

Don't mean to sound so dark or cold
But I think about these things when I'm alone
I swear I knew you from another world
When we met you didn't have to say a word

Maybe they will come and take us both
But I'm hoping, praying, we can just lay low
Give me one more summer by your side
I'll be happy for the rest of my life

When I wake up in the dark, I'm in your arms

If I die before you
Promise that you'll keep me
Safe inside your memory
Never let it fade
If I die before you
It won't be a goodbye
Wait until the next time
That I see your face

If I die
If I die before

Time's the biggest enemy
Every night I lay with you is bittersweet
If you go you know I'd lose my mind
See, nothing, nothing can prepare me right

When I wake up in the dark, I'm in your arms

If I die before you
Promise that you'll keep me
Safe inside your memory
Never let it fade
If I die before you
It won't be a goodbye
Wait until the next time
That I see your face
