Between

Seven Lions

Where do we go when we close our eyes to sleep?
What makes an end if there is nothing in between?

Where do we go now?
Is it all inside my mind?
Did we get lost or found?
Between
Between

Is it too late to wonder?
Too soon to know?
What makes a question?
Where do we go?

Where do we go when we close our eyes to sleep?
What makes an end if there is nothing in between?

Between
