

Breaking Me

Seven Lions

Think I'm in too deep
Got your arms around my waist and my heart starts sinking
You got me losing my sleep
You can see it in my eyes that I'm overthinking
This was never my intention
But here we are, took it way too far
You make me feel so defenseless
And I finally found that my guard is down

My head and my heart's running over the edge
I'm telling you that I'm falling too
Even if this is our biggest mistake
I'm telling you I don't care if our love ends up
Breaking me to pieces
And running out of seasons
I'll let you in to see that
It's still worth it all if our love ends up breaking me

Breaking me, breaking me
Breaking me, breaking me
Break-break-break-break-
Break-break-break-break-

My head and my heart's running over the edge
I'm telling you that I'm falling too
Even if this is our biggest mistake
I'm telling you I don't care if our love ends up
Breaking me to pieces
And running out of seasons
I'll let you in to see that
It's still worth it all if our love ends up breaking me

Break-break-break-break-
Break-break-break-break-
Break-break-break-break-
Break-break-break-break-

Take a second to breathe
Feels like coming up for air whenever you are around me
So used to being naive
Threw my love into a wall just to call it
But I shoulda known better, I shoulda known better
But I shoulda known better, I shoulda known better

My head and my heart's running over the edge
I'm telling you that I'm falling too
Even if this is our biggest mistake
I'm telling you I don't care if our love ends up
Breaking me to pieces
And running out of seasons
I'll let you in to see that
It's still worth it all if our love ends up breaking me

Break-break-break-break-
Break-break-break-break-
Breaking me to pieces
And running out of seasons

I'll let you in to see that
It's still worth it all if our love ends up breaking me
