

Capture My Heart

Seven Places

Captivated with who you are
Motivated to know you more
This is my hearts desire
To know you Lord, my God

Capture my heart
I surrender my will
Focus my mind
And i'm yielded and still
Hearing your voice
To answer your call
Carry your weight until
I can't speak at all

I'm captivated with your love
I'm motivated cause you set me free
This is my hearts desire
To know you Lord, my God

You capture my heart
You capture my mind
You capture my soul
I give it to you
Captivated to know you Lord, my God
