

Sleepers

Seven Places

I went back to the park where we used to sit
And talk for hours
We laugh and make our plans we swore that we'd be
Friends forever
But oh how things change
Did you see this coming, it caught me off guard
I'd never though I'd see you forsake your fist love

It's been such a long long time since we have talked
It's been such a long long time since we've seen eye to eye
Used to feel the same
It's obvious to me
Dreamt the same dreams but now you're awake
And I'm still sleeping

Winters in the air and the wind it
Stings like ice or
Maybe those are just the tears freezing
In my eyes I
Wish I could see you
Tell you nothing's changed
The God you once loved with all of your heart
Stay the same, stay the same, stay the same'

It's been such a long long time since we have talked
It's been such a long long time since we've seen eye to eye
Used to feel the same
It's obvious to me
Dreamt the same dreams but now you're awake

And I'm still sleeping [x4]
