

Glow of dawn

Seven Thorns

He'd been warned of her before
In his dreams so long ago
But still enchanted by her beauty
Wrapped in mystery

He desires her desperately
She's his lethal passion
She for one could mean the end
To all that he holds dear

Waking in the glow of dawn
Gazing at his peaceful land
He realized the unity's
Counting on his effort
He had come to realize
For which cause he has to fight
'Cause every man must pay the price
For his family's freedom

He joins the initiated
Not like he has a choice
Protecting his descendants
His belief sets them free

He's drawn to her eyes
Can't see through her lies
She's born in disguise
Can't see through her lies
Don't go into the light
Don't you look behind
Don't go into the light
Don't go into the light

His goal at the gates of hell
Was a déjà vu with her
He came to withstand her powers
Shuddering with terror

As she strikes, his will remains
To redeem her from her pain
Solemnly praying in their
Final hour of suffering

Waking in the glow of dawn
Gazing at his peaceful land

He realized the unity's
Counting on his effort
He had come to realize
For which cause he has to fight
'Cause every man must pay the price
For his family's freedom

He joins the initiated
Not like he has a choice
Protecting his descendants
His belief sets them free

His faith eased their obsession
Wicked powers pacified
Triumphant, yet the image
Somehow still twists his mind

He's drawn to her eyes
Can't see through her lies
She's born in disguise
Can't see through her lies
Don't go into the light
Don't you look behind
Don't go into the light
Don't go into the light
