How many times have we walked in the morning sun  
We listen to each others' longing for one another  
I see one person, you, in a crowd of people  
Will you empty out a drawer and keep our memories safe

I could never have imagined that I could get so lucky  
Please understand why I'm so cautious  
I am thankful that you've come this far with me  
Your answer to every word I utter

You were with me through thick and thin  
I've gotten more courage than I could ever need  
Walking in lockstep, a beautiful spectacle, it all makes my heart pound  
You've always believed, I've always believed, that the sky would clear up again

Ha-ah, ha-ah, ha-aaah  
Ha-ah, ha-ah, ha-aaah  
Ha-ah, ha-ah, ha-aaah  
You've always believed, I've always believed, that the sky would clear up again

I could never have imagined that I could get so lucky

Please understand why I'm so cautious  
I am thankful that you've come this far with me  
Your answer to every word I utter

You were with me through thick and thin  
I've gotten more courage than I could ever need  
Walking in lockstep, a beautiful spectacle, it all makes my heart pound  
You've always believed, I've always believed, that the sky would clear up again

Until we become a better us  
Like a shadow, you were never translucent  
I could share my joy with you like a friend

You were with me through thick and thin  
I've gotten more courage than I could ever need  
Walking in lockstep, a beautiful spectacle, it all makes my heart pound  
You've always believed, I've always believed, that the sky would clear up again
