Always be by your side
That's the most important thing

If you're there beside me, that brings to perfection ay ya ya
Widely like the sky

Above the clouds moving
Other than us is nothing
Nothing to fear
Paradise just for two of us

The clock hands oh yeah yeah
Is spinning on and on oh yeh yeh
And the touching line of fortune
In the same time

24 hours
Thinking only about you (thinking) always (thinking)
24 hours
I'll always be with you (closer) with you (closer)
24 hours
We're surely going to see each other always forever
24 hours
Let's not leave each other even for a second together
24 hours

Actually, time is not fair
You know
Given eternity is not enough
Not enough time to think about you

As the indispensable air
I want to be by your side as I am
And the touching line of fortune
In the same time

24 hours
Thinking only about you (thinking) always (thinking)
24 hours
I'll always be with you (closer) with you (closer)
24 hours
We're surely going to see each other always forever
24 hours
Let's not leave each other even for a second together

Want to play with you 24 hours
But that's not enough right?
I'll climb the stiffly breezing mountain
Just for you

24 hours
Thinking only about you (thinking) always (thinking)
24 hours
I'll always be with you (closer) with you (closer)
24 hours
We're surely going to see each other always forever
24 hours
Let's not leave each other even for a second together
24 hours
