

BANDS BOY

Seventeen

A-a-always, countin'
Boy bands make bands boy
Give daddy a heart attack
Got expensive habits boy
Seal the deal we've been grown
Yeah, ten years we've been bros
When all is said and done
We run it back up

Always, countin'
Boy bands make bands boy
Give daddy a heart attack
Got expensive habits boy
Seal the deal we've been grown
Yeah, ten years we've been bros
When all is said and done
We run it back up

Used to run away but I run in circles
(Seal the deal we've been grown, yeah, ten years we've been bros)
Nothing is the same, catch me if you can
(When all is said and done, we run it back up)

Dropped out of 8th grade just to get away
Dropped out of 8th grade just to get away
Dropped out of 8th grade just to get away
Dropped out of 8th grade just to get away

A-a-always, countin'
Boy bands make bands boy
Give daddy a heart attack
Got expensive habits boy
Seal the deal we've been grown
Yeah, ten years we've been bros
When all is said and done
We run it back up

They all thought they were playing
Please, stocking your money up
We get our money up
Bitcoin ethereum
Reach for the stars
Aim for the moon
Nonetheless, ethereal
Rollercoaster ride watch me sky fall my mind
Overdrive...

(Seal the deal we've been grown, yeah, ten years we've been bros)
Nothing is the same, catch me if you can

Dropped out of 8th grade just to get away
Dropped out of 8th grade just to get away
Dropped out of 8th grade just to get away
