(Ay man thumbs up get it)
I get looks when I'm only getting on the stage
The crowd goes crazy, crazy,
My whole body is covered in sweat
I'm the type of guy who's sincere to my bones
This tower I'm building, steady as a rock
Is so packed that it can't fall down
Optimism works on me
I don't do pessimism
People around me say "I want to be like him"
I wanted to tell them uh read a book
Then people around you
Give you thumbs up uh

Oh yeah put your hands up
Put your arms and legs all up
Oh yeah what the funk yo
Naturally people come gather around me hey
Everyone looks at me and says
Mini heart n the love
Raise yourself towards the top, everyone
So that everyone here in front of you
Will look at you ay

You knocked on my heart and came to me
You are my guest
Knock knock knock knock yeah
Just like you are dancing with me here
When we shake it E-O
Everyone's eyes are on me

Put your thumbs up for me
Em they've all been enticed, she's a big catch brr brr
Put your thumbs up for me (up brr up)

(Woozi switch it up) thumbs up
All I see and hear is the love uh
There's no reason to be pessimistic
Don't get scared
When I be experimental uh
But they ain't got no guts Dino
Every day is a repetition. You hone yourself,
Anything else is too wasteful, wasteful
It's too much to get closer
It's gonna make me breathless
Just like always, with just once glance,
I know what you're thinking and we killed

Every one of us is dear
But leave me one special thing
That you will do for me
Everyone looks at me and says
Mini heart n the love
Raise yourself towards the top, everyone
So that everyone here in front of you
Will look at you ay

You knocked on my heart and came to me
You are my guest
Knock knock knock knock yeah
Just like you are dancing with me here
When we shake it E-O
Everyone's eyes are on me

Put your thumbs up for me
Em they've all been enticed, she's a big catch brr brr
Put your thumbs up for me (up brr up)

You knocked on my heart and came to me
You are my guest
Knock knock knock knock yeah
Just like you are dancing with me here
When we shake it E-O
Everyone's eyes are on me

Put your thumbs up for me
