Even though we don't know
When our last will be
Even if something happens
And we can't see each other
Lean on me
Lean on me
Lean on me
Lean on me

If I am in your heart
If I am really in your heart
Wherever you are
I will follow you

Even if we're so busy
That we can't see each other often
If we get drunk on each other and fall asleep
In the dreams, don't hesitate
Lean on me

We are doing well
So have strength
Even if you wake up from your dreams
If I'm really in your heart
Wherever you are
I'll be there

I'll be there
I'm always in your heart
When things get hard
Let's be together even more, my girl

Oh girl, you're my answer
When things get hard, let's hold hands
I'll pat your shoulders
Sometimes, when you get tired from life
When things are hard, come to me

Even though we don't know
When our last will be
Even if something happens
And we can't see each other

Lean on me
Lean on me
Lean on me
Lean on me

Your head is on my shoulders
I'm happy that I can give you rest
Even for just a moment
You make me forget

All about the hard things

Happiness, I'll always keep it
Open for you
Who made you cry?
Who bothered you?

Tell me everything
Without leaving anything, anyone behind
Even if it's a long story
All night,
I'll be on your side
Lean on my arms

I'll be there
I'm always in your heart
When things get hard
Let's be together even more, my girl

Oh girl, you're my answer
When things get hard, let's hold hands
I'll pat your shoulders
Sometimes, when you get tired from life
When things are hard, come to me

Come to me
I know that it's so hard
I feel the same way
I know it's hard

Let's look at each other
And slowly take one step
Why are you worried?
It won't be bad

Even though we don't know
When our last will be
Even if something happens
And we can't see each other

Lean on me
Lean on me
Lean on me
Lean on me
