Let's get started, tuning it up
Play it to one standard pitch
A SEVENTEEN's scherzo
It's a little unconventional, but bang the drum and bounce the string
Dat-da-ra, dat-da-ra, dat-da-ra-da
Doesn't matter either classic or new thang
We take pride in our new combinations
From the beat to the melody
Mix and match, it's our thing
Crazy is the new normal
Because we change the world

Double the scream
Looking at each other
We play the trumpet for the world
You and I, you and I
Accelerando

Following the maestro's lead

La-la, la-la, la-la-la-la-la
La-la, la-la, la-la-la-la-la

Following the maestro's lead

Never lose the good vibe
Good life, we go global
Don't lose the good vibe
Following the maestro's lead

I changed the rhythm like this
Mix it techno, sky is the limit
Just tell me which rhythm, your wish is my command
As we complete this piece together
I see us finally become one
Amidst complex notes and rhythms
I'll always be with you

Good life, we go global
Don't lose the good vibe
Always following the maestro's lead

The rhythm goes, "Dat-da-da-rat-da"
The brass goes, "Ba-ba-ba-ram-ba"
Look at us in harmony
Push harder and harder, rise to a crescendo
A tempo for our final movement
Yeah, yeah, yeah
