So sensitive, I filled my note pad
With catch questions
And you just laughed away
You are not an easy girl
Always shaking my eyes
Over 21 questions, now on to the 21st,
But I still have no answer

Let me know, don't know why I behave like this
I see no one but you, I don't know why
Must be something in your eyes
Time flies while we look into each other's eyes

Looking, making an effort not to be detected
(I know you already know that)
I I I I want you baby you know
Oh I need you my babe

You got the answer without saying
You have what I want
But words wander about aimlessly
When we try and move to the point
It becomes a little heavy, how many times
Should we ask the same question?
The answer is so obvious
You forget everything when you see me
You talk the other things again
And look so embarrassed
Well whatever, I don't dislike it
I just enjoy the feeling

Let me know, don't know why I behave like this
I see no one but you, I don't know why
Must be something in your eyes
Time flies while we look into each other's eyes
