

# ROCKET

Seventeen

I see everybody's aura fading  
They can't be themselves  
Without being anxious  
Pandan danghagi museowoseo  
Regyulleo sai sumeosseo  
Geureuse keugineun sone jwiewo deun keopigeob

Drop drop drop it  
Ttak yeogikkaji  
Dareun saram nori haji ankiro  
Neoye eoje oneul geurigo naeireun yours  
Shiseon ttawi don't care anymore

Yeah the stars are looking  
Straight down on us  
Ujuneun kkeuchi an boyeo  
Yeah Ima build a rocket  
Ima build a rocket gureum ttulheo  
Beonji launch it  
Yeah got me singing like

Ooh zoom  
Banghyangki wae jabeo  
Just let it roll out  
Ooh zoom  
Geopmeokjima  
But eodil galjin molla  
Ooh build a rocket with me  
Ooh blast it up to the sky  
Ooh look, we fly so high  
Ooh yeah so high ah

Yeah will you fly with me  
Beoseona this gravity  
Meori biwo nirvana  
So come as you are  
But question  
How long you be on your phone  
When the moon is big and bright  
Do your dance dance in the moonlight

Yeah I'm down down  
Neowa hamkkeramyeon eodideunji  
Joeun eumagi nawa  
Neowa na jiggy all night uh  
Please don't kill my vibe  
Please don't kill my high  
Finally I realize  
All along love was by my side  
It's true

Yeah the stars are looking  
Straight down on us
