You can walk comfortably
Someday I'll make a path for you
Even though I'm shaking on the waves
One day, we're gonna have a lot of waves

On a strange road
Anyone can get lost
I'll be with you on the tough road

Until the day we sing together again
This road to you will not be over
For every reason and this length
You're the one that's beautiful
At the end of this road, after the turning point
So that you don't get tired anymore, I'll
I'll protect you

No matter what happens, we
We'll see you again

When you walk in the dark night
Don't do it yourself, I'm here
Bright light seeps in, it brightens the darkness

We sing together again, until that day
This path to you will never end
For every reason and this length
You're the one that's beautiful

After the end of this victory and the halfway point
Don't get tired anymore, I'll
I'll protect you
No matter what happens, we
We'll see each other again
Let's take a breath for awhile and then we'll go back
The hard, kept journey
Finish it and Pace us

Before the morning came then
We're at our peak
It's growing up
Come to me, if you're lost, any time

When you share warm warmth, the road comes back
We'll find it, you don't have to be scared
At the end of this road, there's warmth and a warm smile
They'll protect us in the past-paced hours
Let's slow down for a while
We'll see each other again
