

Enough

Sezairi

Hoo, ooh, ooh, ooh
Something's changing
Am I afraid of the new?
Searching for my place
So I can find a way to see things, clearly

Berhenti sejenak
Bayangkan takutmu
Semua yang menyala
Hanya pikiranmu

I know we're afraid to admit
And we're scared to believe
That we have enough

All of the pride that we keep
'Cause we're scared to believe
That we have enough

Kecukupanmu
Dan berhasilmu
Pun segala
Kekuranganmu
Indah bagiku

When you're changing
Don't be afraid of the view
Feel the spaces
That you belong with every breath you take in

Kusadari kini, semua mengalir
Air dan apiku, bagian diriku
Damaikan hatiku

I know we're afraid to admit
And we're scared to believe
That we have enough

All of the pride that we keep
'Cause we're scared to believe
That we have enough

I know we're afraid to admit
And we're scared to believe
That we have enough

All of the pride that we keep
'Cause we're scared to believe
That we have enough
More than enough

Kecukupanmu
Dan berhasilmu, kekuranganmu
We have enough
Kecukupanmu
Dan berhasilmu, kekuranganmu
We have more than enough

Kecukupanmu
Dan berhasilmu, kekuranganmu
We have enough
