

Forever

Sezairi

I know I used to care
About what people say, I'm sorry
Sometimes it feels like
They don't even know me at all
Tired of listening to everything
Except my body
They say that if you wanna run
You gotta learn to crawl

I wanna feel like myself
Don't need to be somewhere else
Right in this moment
Forever here with you
Running away from our lives
Holding you here by my side
Right in this moment
Forever here with you
'Cause you're my forever

I'm starting to see
That you're telling a different story
Blinded before
But you were right here all along
You made me believe
It's OK just to be
In your gravity
I won't ever be afraid
To be wrong

I wanna feel like myself
Don't need to be somewhere else
Right in this moment
Forever here with you
Running away from our lives
Holding you here by my side
Right in this moment
Forever here with you
'Cause you're my forever

Feel the weight of the world surrender
It takes time to heal
But I'm with you now

I wanna feel like myself
Don't need to be somewhere else
Right in this moment
Forever here with you
Running away from our lives
Holding you here by my side
Right in this moment
Forever here with you
'Cause you're my forever
'Cause you're my forever

Forever
