

Memory

Sezairi

Hold me
Close your eyes and slowly
Try to get to know me
Baby, we've got time

Only
If we're flowing patiently
And when we mend the lonely
Love will find a way to bring us both
Here together

Sayangku remember
Right in between the blue waves
We surrendered
The best part of our youth
So that we'll never
Lose this memory

Oh
If this is a fantasy
We don't need to wake up
Shape our own reality

But only
If we're flowing patiently
And when we mend the lonely
Love will find a way to bring us both
Here together

Sayangku remember
Right in between the blue waves
We surrendered
The best part of our youth
So that we'll never
Lose this memory

Never have I ever
Felt like this
In an instant
We surrendered
The best part of our youth
So that we'll never
Lose this memory
Sayangku remember
