

# Raindrops

Sezairi

I can hear raindrops  
Cold days are always so old  
When it's making me cry  
This time around all these raindrops  
Tell me that you are not mine

Used to love raindrops  
Now all I hear are the voices  
That play in my mind  
Asking myself when will the pain stop  
When will it start feeling right

Now that you're gone  
I don't belong  
I'm soaked and I'm drowning  
In the downpour  
No, I've not felt this before

Yes, I was wrong  
I can't move on, I'm hoping that  
Someday, I'll get over missing you  
Now in these raindrops  
You can't see me cry anymore

Mengemis cinta  
Ku hanya ingin di sisimu selamanya  
Tanpamu ku tak ingin coba  
Tanpamu aku tak bisa

Apakan daya hujan yang turun  
Hanya buat sementara  
Masa tak pernah bermakna  
Bila dua hati berpisah

Now that you're gone  
I don't belong  
I'm soaked and I'm drowning  
In the downpour  
No, I've not felt this before

Yes, I was wrong  
I can't move on, I'm hoping that  
Someday I'll get over missing you  
Now in these raindrops  
You can't see me cry anymore

I'm trying to learn  
I'm trying to breathe  
But I'm drenched in this  
Just leave me, no

Jangan pergi  
Jangan lepaskanku  
Hanya satu kumohon padamu

I can hear raindrops  
Cold days are always so old

When it's making me cry  
This time around all these raindrops  
Tell me that you are not mine

This time around all these raindrops  
Tell me that you are not mine
