Oh listen
Oh ah yeah
Every day, every night
Excuse me girl

I feel the eyes on me
They're probably saying, who's that?
Now be nervous
I'm dropping a bomb, everything goes pow
I'm going in

Between all the similar looking faces
You dazzle and shine
In the middle of the black universe, you shine
My heart flutters, I'm so nervous
I'm going with entwined fingers

You captivated me in one moment
Because you disappeared
The moment we met eyes
Suddenly, you burn me up
The way you walk on is
One milky way
I know you're what I want
One dream

Come to this attraction
I'll give my first confession to you (crazy)
Second, playfully (baby)
1 step 2 step 3 step 4 step (oh)
I really wanna make you my baby

Third, I'll secretly go to you (watch out)
You look at me and we meet eyes
1 step 2 step, let's start (let's get it)
Take all of me, scene stealer

1 2 step (Oh) throw your hands up higher
3 4 step (Oh) put your feet farther
Next (yeah) let's fly together up there

Wussup, hyung, why are your cheeks so red?
Whose scent is that? Did someone come and go?
Love at first sight, it's not just a stranger's story
She bewitched me, what do I do? (just go)

While I was looking here and there
I hear an alarm going off
I'm getting angry at all the eyes on you
Why are all these people looking at you all the time?

You captivated me in one moment
Strange and beautiful
But you disappeared
Suddenly, you burn me up
The way you walk on is
One milky way
I know you're what I want
One dream

Come to this attraction
I'll give my first confession to you (crazy)
Second, playfully (baby)
1 step 2 step 3 step 4 step (oh)

3 4 step (oh yeah) put your feet farther
Next (yeah) let's fly together up there
1 step 2 step 3 step 4 step

Like a white star, you became my wish
Stay with me like this forever
Even if tomorrow comes, okay, stay by my side
Hey, stop your breath, focus on me

First look is for you (crazy)
Second, playfully (baby)
1 step 2 step 3 step 4 step (oh)
I really wanna make you my baby
