My tears woo

Love changes anyway
Just like winter comes after summer goes
I don't need comfort
This is something everyone goes through

I'm free now, it's not over
It's just a new beginning
Stop looking back
Just keep walking
Because I'm barely holding it in

I might cry
I'm trying to be strong as I said my last goodbye
I tried to smile, I tried to act like I'm ok but
Fall down fall down fall down my tears
I might realize
Trying to be a man and call out your name for the last time
But I force myself to stop and take on this pain
Fall down fall down fall down
Tears fall

My mood swings have gotten worse
I'm trying to keep my heart the same
But my head has gotten more complicated
I can't overcome this misery
I turned off my phone
I'm on the sofa, closing my eyes
But the after image won't leave
Shadows lingering around me

It's old, you already know
This isn't love anymore
Stop saying things
That makes me feel things
Because I'm barely holding it in

I might cry
I'm trying to be strong as I said my last goodbye
I tried to smile, I tried to act like I'm ok but
Fall down fall down fall down my tears
I might realize
Trying to be a man and call out your name for the last time
But I force myself to stop and take on this pain
Fall down fall down fall down

Should I tell you some other guy would look good with you?
Cause then I'd look cool
But saying "be happy" makes me seem like I'm holding on
So I'm just holding it in, though it hurts

I know you struggled because of me
Baby don't cry
Will our love be relieved?
I keep having useless worries
A picture of you
Looks like a beautiful spring
This picture with you
Is now just a dream that has passed

I might cry
I tried to start my day as if I was fine
But whatever I do, I space out, mindlessly
Fall down fall down fall down my tears
I might realize
I'm pretending to be cruel as I erase you
But I call out to you every day and long for you
Fall down fall down fall down

Even the emotionless rain that falls out my window
Is not quiet
You, who has welled up in my eyes
Quietly flows down
My tears woo
