Now that I have some break

I came to the cafe

To drink coffee alone baby

I posted on SNS

And took pictures baby

Looks cooler than it is

Black and white photo with a caption

Today, don't touch touch me

I'm feeling sentimental

Don't disturb my alone time

Please hush hush

I'm feeling sentimental
What I need right now
Now that I have some break

What's with the emotional trip
Again with the emotional trip
What am I doing alone?

I don't wanna be alone
But I don't wanna go out
My friends tell me
To stop forcing plans, huh?
Now I'm afraid of the day
And I like the night
I feel more like myself
When I'm alone

The street I'm walking on
Is the beautiful Broadway
Hand on my waist
I'm confidently on a runway
You're complaining about something
Who cares? Stop talking to me

I'm enjoying this feeling
Of not having you around
Look at me oh yeah

Today, don't touch touch me
I'm feeling sentimental
Don't disturb my alone time
Please hush hush
I'm feeling sentimental
What I need right now
Now that I have some break

What's with the emotional trip
Again with the emotional trip
What am I doing alone?

I try to brush it over but it keeps staying on my mind
Tell me about this question
What's the big deal?
Just on my way
I'm just doing it my way, brother

Alone time is good at times
Being alone
Can't be better than this

What's with the emotional trip
Again with the emotional trip
What's with the emotional trip

Today, don't touch touch me
I'm feeling sentimental
Don't disturb my alone time
Please hush hush
I'm feeling sentimental
What I need right now
Now that I have some break

What's with the emotional trip

Again with the emotional trip
What am I doing alone?
Now that I have some break

What's with the emotional trip
Again with the emotional trip
What am I doing alone?
Now that I have some break
