I did it  
You're destiny  
The moment I saw you, magic history  
I just melted  
Stop it  
Beautiful day beautiful life  
The world was colored  
I closed my eyes and opened them again  
But I could only see you

Hey baby, you're amazing  
You shake awake my sleeping emotions  
That's right  
I've changed somehow, I think I've fallen for you  
It's complicated, this red light is dangerous

I did it  
Oh there was no time so I did it  
Baby, I did it right there  
Oh, I put everything on the line, I did it  
Like you don't care

Risky like a game of tug-of-war, you burn me up  
You shake me up, you lit a fire in my life

There was no time so I did it  
Baby, I did it right there  
I want you

You never leave my head, this is trouble  
You're too beautiful, oh God  
My eyes are filled with nervousness, I'm tied up  
I'm getting more anxious, nothing else has meaning to me

I'm only imagining  
How you'll be when you're mine  
I can't just leave you alone  
I can't lose you

I've changed somehow, I think I've fallen for you  
It's complicated, this red light is dangerous

I did it  
Oh there was no time so I did it  
Baby, I did it right there  
Oh, I put everything on the line, I did it  
Like you don't care

Risky like a game of tug-of-war, you burn me up  
You shake me up, you lit a fire in my life

There was no time so I did it  
Baby, I did it right there  
I want you

My universe is shaking, I'm confused, is it true?  
I keep going up and down  
Like a roller coaster ride

Feels like I'm dreaming, you're so shinin'  
I can't ever let go, don't escape from me

I did it  
Oh there was no time so I did it  
Baby, I did it right there  
Oh, I put everything on the line, I did it  
Like you don't care

Risky like a game of tug-of-war, you burn me up  
You shake me up, you lit a fire in my life

There was no time so I did it  
Baby, I did it right there  
I want you

I did it, I did it, I did it
