TNT by A-B-C-D

We are young and free, like a rockstar
Freaky, deaky, dusky dark Waikiki
Ice, ice, cold peaches
Pour them all tonight
Wipe it if it spills

You know that we could get away, far away
Never to be followed
Let it out, spill it out
I will get it, all my dreams

Let's scream, cold like ice
Cream, cream, cream, cream, cream
Scream, fill up the feel
Scream, scream, scream, scream, scream
Shock and shake the world, shout it out
Whistle, whistle, blow my whistle
Scream, let's scream

Risk, risk, risky
Risky departure (Scream)
We can, we, we can
Do it, are you with me? (Scream)

We just wanna have some fun
Why hesitate? Don't be afraid
Don't be afraid
Yeah, yeah
No obvious profile
Discover your true self
Uh, break your cover
Uh, everything, take over (Yeah, eh)

You know that we could get away, far away
Never to be followed
Let it out, spill it out
I will get it, all my dreams

Let's scream, cold like ice
Cream, cream, cream, cream, cream
Scream, fill up the feel
