Why, my heart that held you
Why, my heart that beat because of you
Why oh why, you remain like a tattoo
It hurts like a scar
I'm holding on
Remaining in my heart

Your dazzling and bright smile
And our memories are spread all over
Really, forever I don't forget you

Shut up n' lemme go
Throw me away
Shut up n' lemme go
Forget me
Those sharp words, those cutting words
It's alright if I get hurt

Shut up n' lemme go
Before the memories grow and find you again
Shut up n' lemme go
Coldly leave me, please
Lemme go lemme go
Just lemme go lemme go

Why, you're the only one in my eyes
Why, only you hold my hand
Why oh why, I hope you'll be happy
I hope you'll erase me
This is it for us
It's really hard for me too

Broken pieces of our memories
I'm putting it together again
Placing your masterpiece
Inside my lonely heart

Shut up n' lemme go
Throw me away
Shut up n' lemme go
Forget me
Those sharp words, those cutting words
It's alright if I get hurt

Shut up n' lemme go
Before the memories grow and find you again
Shut up n' lemme go
Coldly leave me, please
Lemme go lemme go
Just lemme go lemme go

Shut up n' lemme go
Your memories in my heart
Your voice in my ears
Shut up n' lemme go
In my empty heart
You fall as cold rain

But my love is gone, forget me
As if nothing ever happened
End my love is gone and on

My heart for you gets heavier
Don't look back so I can't catch you

Shut up n' lemme go
Throw me away
Shut up n' lemme go
Forget me
Those sharp words, those cutting words
It's alright if I get hurt

Shut up n' lemme go
Before the memories grow and find you again
Shut up n' lemme go
Coldly leave me, please
Lemme go lemme go
Just lemme go lemme go

Shut up shut up shut up
N' lemme go
Shut up shut up shut up
N' lemme go
Lemme go lemme go
Just lemme go lemme go
