

Heartbreak On The Dancefloor

SG Lewis

Pick my poison
And you're right there
With somebody
I look over
You don't even notice
That I'm staring
At your body
I remember

Then I see the light in your eyes
But you're looking straight through me
Just like you never knew me and I'll
Be alright
But right now I feel like drowning
So I can get you out of my head

I'm only lonely
Ain't nothing dangerous
But when you don't hold me
It's like, it's like I'm going up
In flames tonight
Nothing, no, nothing, no, nothing feels right
With every sip I need you more
It's a heartbreak on the dance floor

With every sip I need you more
It's a heartbreak on the dance floor
With every sip I need you more
It's a heartbreak on the dance floor

I'm alone now
Music's playing
But it's silent
In the corner
I wish you would notice
Can't you see me?
Cause I'm begging
One last time

Wanna see the light in your eyes
But you're looking straight through me
Just like you never knew me and I'll
Be alright
But right now I feel like drowning
So I can get you out of my head

I'm only lonely
Ain't nothing dangerous
But when you don't hold me
It's like, it's like I'm going up
In flames tonight
Nothing, no, nothing, no, nothing feels right
With every sip I need you more
It's a heartbreak on the dance floor

With every sip I need you more
It's a heartbreak on the dance floor

With every sip I need you more
It's a heartbreak on the dance floor
