

Honest

SG Lewis

If you won't have me, there's nowhere else to go
If you won't hold me, I've nothing left to show

Walk away
Wave goodbye
In your place
Clear blue skies

When I'm out of luck, something breaks inside my heart
Now I'm looking for a chance to be honest from the start
When I'm out of luck, something breaks inside my heart
Now I'm looking for a chance to be honest from the start

When I'm out of luck, something breaks inside my heart (Walk away)
Now I'm looking for a chance to be honest from the start (Wave goodbye)
When I'm out of luck, something breaks inside my heart (In your place)
Now I'm looking for a chance to be honest from the start (Clear blue skies)
