

Hurting

SG Lewis

I'm in trouble now
'Cause it's down to me to heal
From the words that I spoke in my head
From the bang that I caused and I fed

And I could wait till I look at you
And all I see is love
'Cause I'm tired of tryna hit you

Hurting for your body
Hurting for your body and your soul
You really could be searching
Begging for a way to make me yours
Hurting for your body
Hurting for your body and your soul
But I know you had me
Begging for the power that you stole

I wanna bang you now
But I know it touches me
Those eyes that I tell to myself
Disguised then sending me to heaven

And I could wait till I look at you
And all I see is love
'Cause I'm tired of tryna hit you

Hurting for your body
Hurting for your body and your soul
You really could be searching
Begging for a way to make me yours
Hurting for your body
Hurting for your body and your soul
But I know you had me
Begging for the power that you stole

And I could wait till I look at you
And all I see is love
'Cause I'm tired of tryna hit you
