

# Missing You

SG Lewis

Used to be light  
Used to be love  
For us darling  
Over the years  
Something got lost  
Lost in vain

In the cool of the night  
The breeze in the air is  
Whispering another name  
And you can tell on the line  
That we're running out of time 'cause  
Something's not the same

Oh, I'm not missing you  
Like how you want me to  
Oh, oh, I'm not missing you  
Like I'm supposed to  
Oh, I'm not missing you  
Like how you want me to  
Oh, oh, I'm not missing you  
Like I'm supposed to

You loved the games  
Bending the rules  
Watched me hurting  
Jealousy burns  
Brighter on fools  
Always returning

In the cool of the night  
The breeze in the air is  
Whispering another name  
And you can tell on the line  
That we're running out of time 'cause  
Something's not the same

Oh, I'm not missing you  
Like how you want me to  
Oh, oh, I'm not missing you  
Like I'm supposed to  
Oh, I'm not missing you  
Like how you want me to  
Oh, oh, I'm not missing you  
Like I'm supposed to
