Something About Your Love

SG Lewis

```
There's something about your love
There's something about it
There's something about your love
There's something about it
(Love)
(Love)
Can't find any words
Couldn't tell you what makes it perfect
You're the cure for the hurt
Came around when I least expected
There's something about you, yeah
Yeah, I know
There's something about your love
There's something about it
There's something about your love
There's something about it
There's something about your love
There's something about it
There's something about your love
There's something about it
(Love)
(Love)
There's something about your love
There's something about it
There's something about your love
There's something about it
There's something about it, yeah
Something about it, yeah
(Love)
Yeah
Yeah
There's something about your love
There's something about it
There's something about your love
There's something about it
(Love)
(Love)
There's something about your love
There's something about it
There's something about your love
There's something about it
There's something about your love
There's something about it
There's something about your love
There's something about it
```
