

## B Day

Sha EK

Grah, grah, grah  
OGz the fuck up (Uh-huhh)  
Don't run (Pow, pow, pow, pow)

We tryna shoot a Jet down, on that runway  
Niggas know how my gun play  
I'ma crash out, do whatever my gun say  
In the Gz, I'ma click through that runway  
Don't think we sweep, baby, but not on sunday  
After we prayin' on monday  
When Yus got hit, we was having a fun day  
We celebrated that shit, like a birthday

Our should I say B day, oh shit, can't forget about Edai  
Two of them got hit, we was running on CJ  
They know my body, I'm yelling out: "Free PJ"  
If I'm in the spot, and they play opps, then we start blitzin' the DJ  
We made them run like a relay, we was up on them times, you can't relate  
I'ma bend through that yard, every shit that we do is for Yellow  
If I go get [?] for Yellow  
Stab that lil' boy, like, this shit is for Yellow  
We gon' push every shot on his back, make him mellow  
Bitches gon' run, when they hear how we echo  
This shit glued to my hand, I feel like I cannot let go  
Nigga said I'm a bum, but you came home with no money and no crumbs  
Bro came home, showed money and gun  
I was telling him: "Chill boy, you still ain't spun"  
Like what happened to Flyboi Mike? Why he ain't stay with his pipe?  
Yommy, you ain't do nothing when Dummy got killed, but you rap on the mic  
Nigga rap for the hype, [?] Delilah got [?]

We tryna shoot a Jet down, on that runway  
Niggas know how my gun play  
I'ma crash out, do whatever my gun say  
In the Gz, I'ma click through that runway  
Don't think we sweep, baby, but not on sunday
